What are packages?

- Collections of code

Where are they stored?

- CRAN
- GitHub
- BioConductor
- Your hard drive

How to install

- from CRAN:

```
install.packages("testthat")
```

- from GitHub:

```
devtools::install_github("jtr13/ggformat")
```

Many packages are available both on CRAN and GitHub:

“dev version”

```
devtools::install_github("tidyverse/forcats")
```

Weird stuff

```
install.packages("Rladiesnyc")
```

from your hard drive:
